resolution

"Resolved, That the Maine Veterioary Association does respectfully protest that the testing of cattle for export to Massachusetts or for furnishing milk to our own citizens is a matter of such importance that it should only be done by competent and well qualified men; and so far as it is being done by men of no professional training, the results may be misheaften and of on walns. We would professional training, the results may be misleading and of no value. We would further resolve that if this important test cannot be made by professional men that there is no valid reason for its being made at all, as it chialls as no warranted expense upon the shippers and owners of such cattle."

One day sle saw in a store window the sign "Fans Repaired." Liughingly she said to a friend, "There is imperformeyet. I may be re-paired." "Of course you may," said her friend, "If you will take Dr. Pierce's Favorito trescription, that wooderful cure of woman's complaints and tone up your system. Do you wooder your beau left you when he found you always complaints, looking pale as a ghost and all that. Young men won't knowlegty harness themselves for life to a waking corpse or a peripatetic inferency. Take the remedy and get well." Fan did and has been satisfactorily re-paired. For oursing mothers or those about to become mothers, "Favorite Prescription" is a priceless boon.
